Mr Schlacht provided the contact person who administers the School Board meeting. **Agenda Adjustment requested during March meeting: Also discussion did not occur as Mr Seutter, School Board Trustee was not in attendance.**

4.0 Bullying Awareness. Theresa DeRosier, Wye Counsellor

Presentation attached.

Ms. DeRosier presented to parents about Bullying, and responded to many parent questions around the topics noted in the presentation.

Social groups will be started by Ms. DeRosier soon. About 4 to 5 students per group. Around relevant topics that students need help on. Teachers will help choose the groups and the students.

Access to Theresa through supervisors/teachers/admin for the most part.

Works Monday/Wednesday at Wye school (she works part time at 2 schools). Parents can also call to make an appointment

Parent asked if Wye school 'refers students out' to other community programs as the need arise, and Ms DeRosier confirmed that she does do that.

Question from parent around if staff and aides have had refresher courses on topics like bullying and related subject matter. Yes, when PD days are planned around this topic, and in some staff meetings. Aides may not be as fresh as teaching staff.

### 5.0 Open Parent Discussion. Promoting student physical health

Played video from school in Manitoba that uses vinyl on the floors and walls as a way for kids to follow a path to physical activity as often as they can.

Current Wye school can't accommodate this unique way of staying active due to deteriorating floors and walls. The new school is set up for this and Admin hopes to have visually appealing halls, and use of vinyls to keep the kids interested in movement.

How are kids supported by staff to stay active? Go Noodle, Activity Cards, Recess, extra gym time. Kids move more often than you think. Parents heard from the teachers at the meeting around the tactics they use in their classrooms.

Mr Schlacht spoke about wanting to have a Phys.Ed teacher in the new school to take accountability around students physical activity.

### 6.0 ASCA school Task Force Question - pended for discussion in favour of other agenda items.

### 7.0 WSC Subcommittee Updates and FAWS.

Staff appreciation. Staff Appreciation week will be the first week in March, if parents would like to volunteer to cover noon hour on Thursday, March 7th while staff have lunch, that would be appreciated.

FAWS. Update to hot lunch program. Hot Lunch volunteers invited comments around the hot lunch program, and any recommendations for change. Staff have asked for a reminder to be sent somehow to parents around the cutlery option (F01) that is required to be added to lunch menus, they do get a lot of students asking for cutlery at the front office on hot lunch day. Also noted that some lunches may have superfluous items that students don't eat and end up in the garbage, perhaps have an option to exclude those items ie. apple sauce. Many positive parent comments noted around hot lunch, its very appreciated.

Pizza Hot lunch and other fundraisers moved to an online ordering system which will be more efficient for parents and volunteers.

Playground and Wellness Committee will be updated next meeting
