

Hot Lunch Committee Report- **AGM June 18, 2019**

This year, we had weekly Lunch Lady Lunches and 12 pizza days! The total profit from these was \$10,771.48 with the June payment from the Lunch Lady still to be received and added to this total.

We scheduled the weekly lunches for Wednesdays so both ECS schedules could participate. With the change in scheduling by EIPS for next year, we would have to move weekly lunches to Fridays to include both ECS groups.

We are currently receiving surveys back from parents as to their satisfaction with both the weekly lunches and the pizza days to assess what the program should look like for next year. We received mixed feedback from families who were used to the old system of lunches but we still averaged approx. 110 lunches ordered each week throughout the year.

For next year we are still looking for more volunteers to help run the hot lunch program. The weekly lunch lady lunches can be run with 2-3 volunteers and the pizza days are ideally run with 15 volunteers. Hopefully we get an interested parent or two when the survey forms are returned.

Respectfully Submitted,

Christi Ross
